

As a result of the UK Government's Covid-19 mitigation instructions, I am saddened to report that the Orchard Tea Garden closed for business on Friday 20th March 2020. We will remain closed until we are advised by the Government that we can re-open.

If you wish to contact us please email: enquiries@theorchardteagarden.co.uk or telephone 01223 840230 and leave a voicemail message.

You can keep up to date by friending us on  at The Orchard Tea Garden, or following us on 
@TheOrchardTea

The Orchard has closed three times in its 125-year history; World War I, World War II and when it was threatened with redevelopment for housing in the 1990's. This will be the fourth time. Each of these times it has come through, and I am sure it will do so again.

Thank you for all your support and kindness over the years. Please keep safe and we look forward to seeing you again when we reopen
